I need to buy a GPU !!

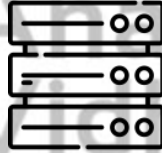

New Project !!

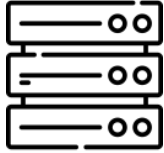

Inconsistent Traffic

Buy a stack of servers

Monitoring and Maintenance

Buy a stack of servers

No Hardware Required

Monitoring and Maintenance

Zero Maintenance

Inconsistent Traffic

On Demand Scalability

→ No need to buy servers and hire people to maintain them.

→ On demand scalability

→ Access your application from any location worldwide.

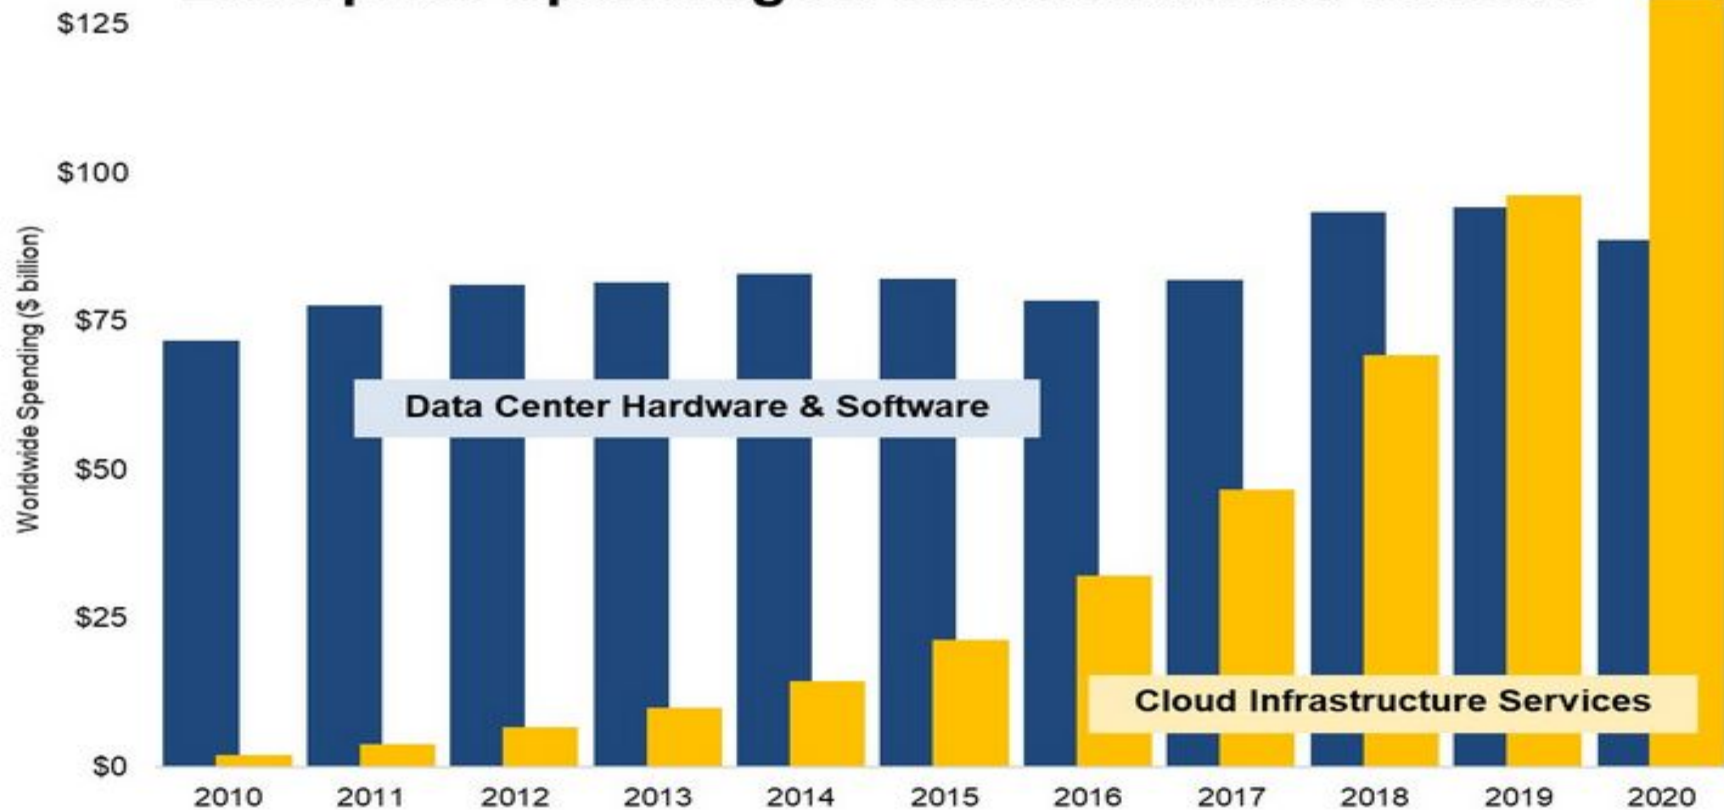

→ Variety of tools are available for storing and computing

→ Best security standards are followed to secure your data

Enterprise Spending on Cloud and Data Centers
