

Rent complete infrastructure

Let's build ready to use applications !!.

Let's build a platform using this infrastructure and let others use this platform !!

# Service Models

SaaS

PaaS

IaaS

Analytics  
Vidhya

# SaaS

Software as a Service

Users are not responsible for any kind of hardware or software.

Projects that require quick, easy, and affordable collaboration

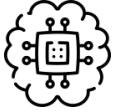

Google Workspace

# PaaS

Platform as a Service

Provides a platform for development purposes

Create customized applications

App Engine

HEROKU

OPENSIFT

# IaaS

Infrastructure as a Service

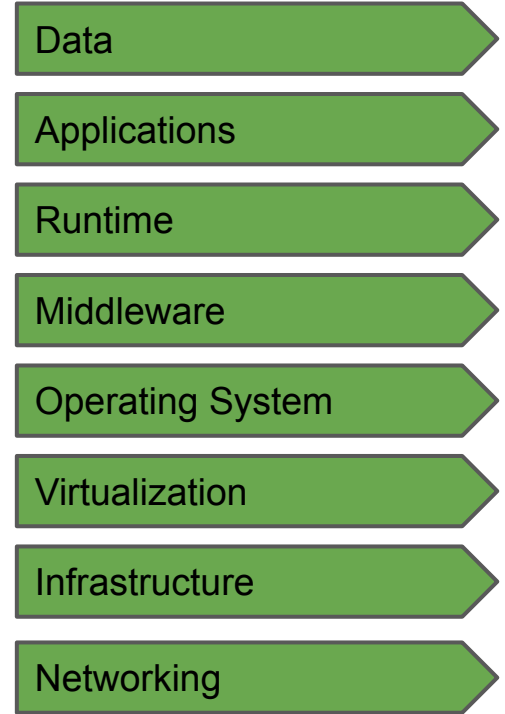

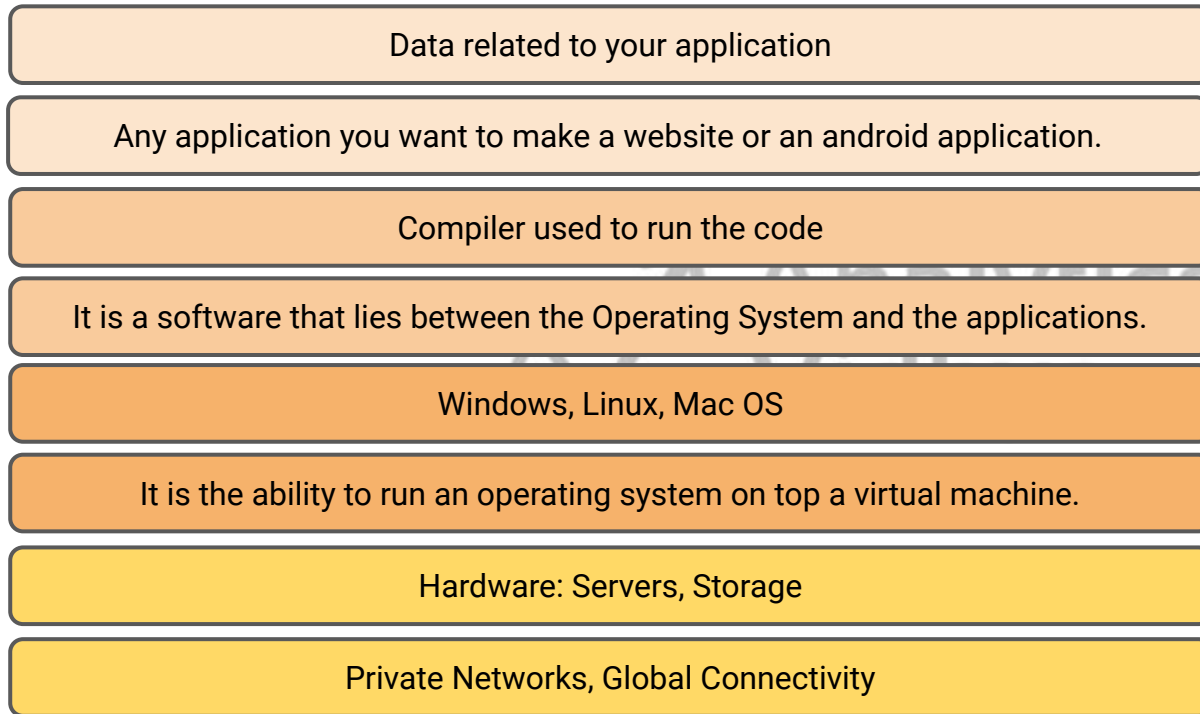

Resources are available as a service

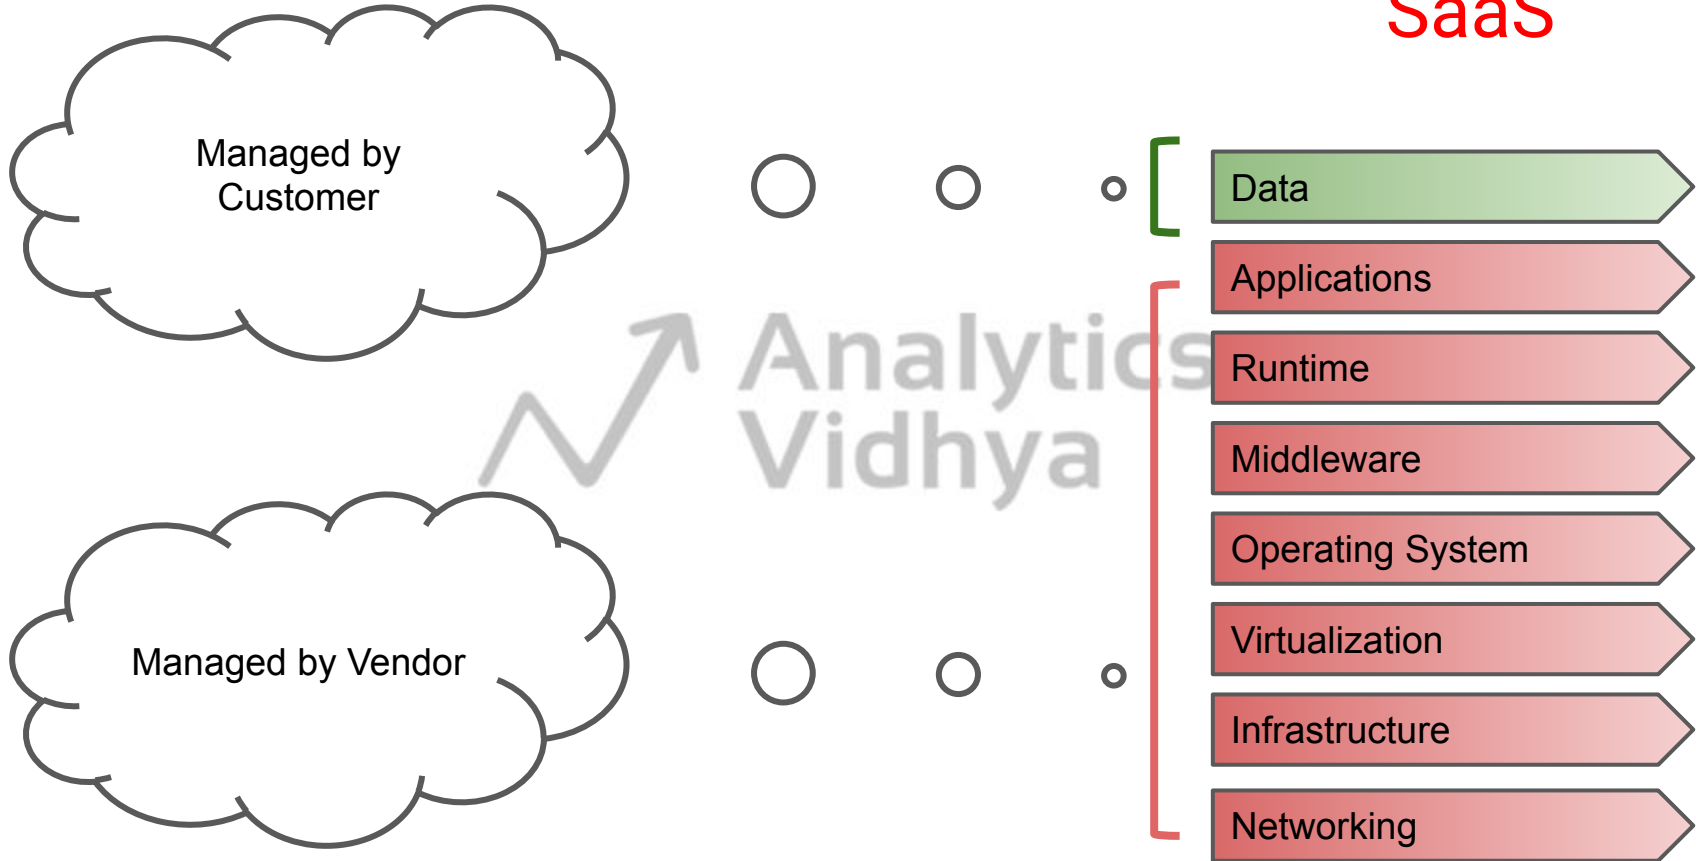

Startups and companies experiencing rapid growth

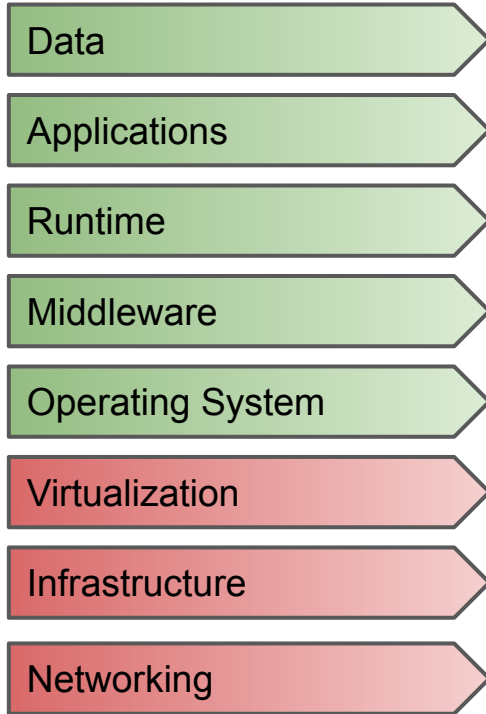

# SaaS

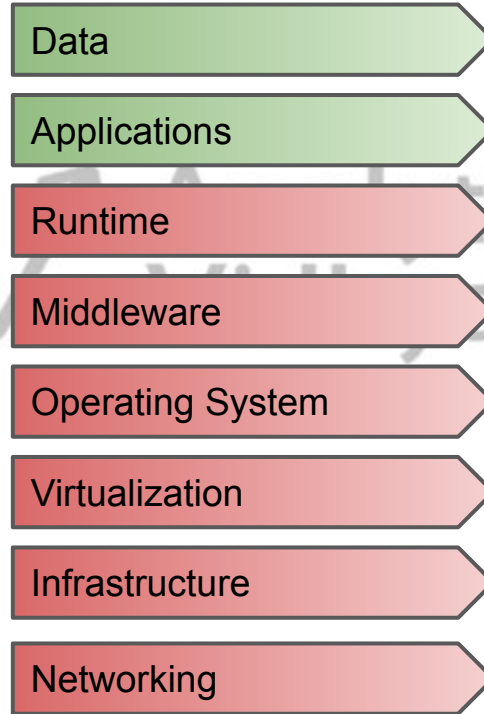

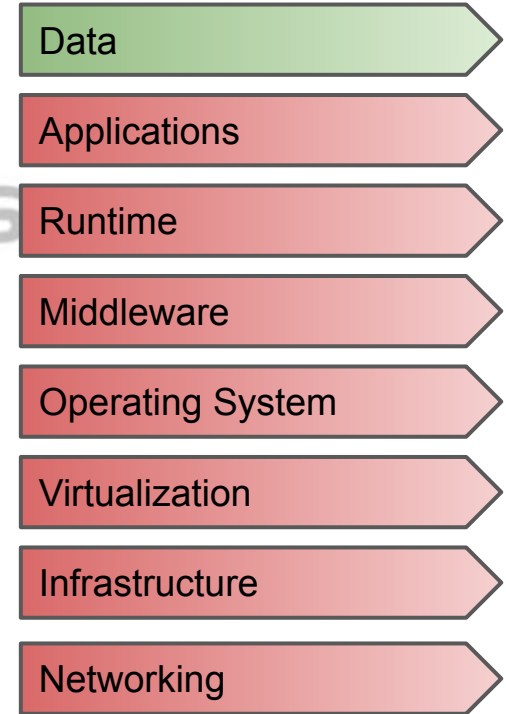

# IaaS

# PaaS

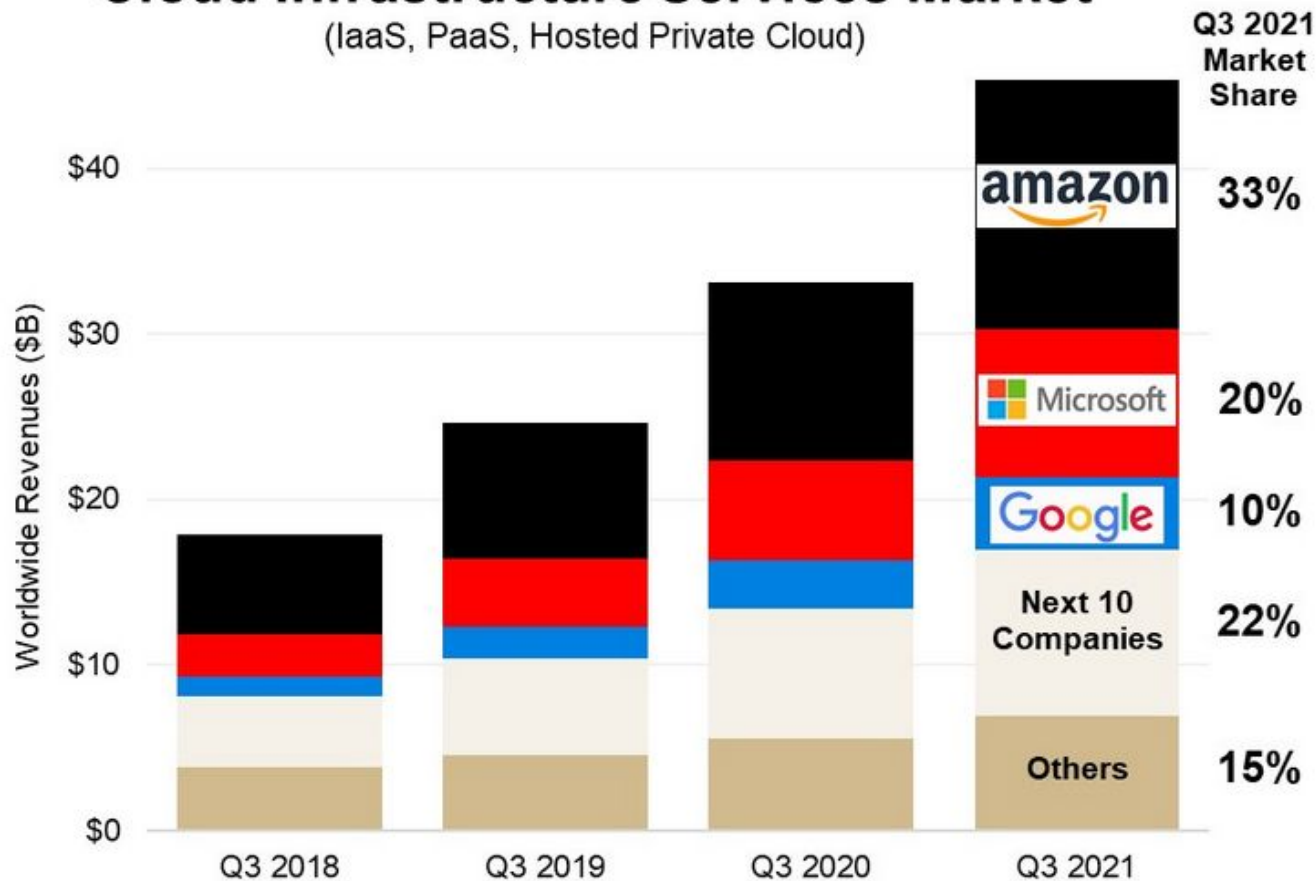

# SaaS

# Cloud Infrastructure Services Market

(IaaS, PaaS, Hosted Private Cloud)
